PROFESSIONAL SUMMARY

Software Engineering student at SGSITS Indore with hands-on experience building **scalable full-stack applications** using **Java, Spring Boot, React.js, Node.js, MySQL, and MongoDB**. Solved **450+ Data Structures and Algorithms problems** and developed **production-ready applications** focused on **performance, security, and reliability**. Passionate about designing **scalable systems**, solving **real-world engineering problems**, and building software that impacts millions of users.

EDUCATION

Shri G.S Institute of Technology and Science, Indore(M.P.)
Bachelor of Technology , Industrial Production Engineering, CGPA:7.05

Indore, MP
June 2027

Minor in Data Science(Pursuing)

Expected June 2026

EXPERIENCE

Frontend Developer Intern

Aug 2025 – Nov 2025

Assemble

- Developed **scalable and responsive web applications** using React.js and JavaScript for an esports platform supporting **1,500+ user registrations**.
- Built **15+ reusable components**, improving **maintainability** and accelerating **feature delivery**.
- Collaborated with **cross-functional teams** to deliver **production-ready software** with consistent **performance** across devices.
- Optimized **frontend performance** and mobile responsiveness, reducing bounce rate by **20%**.

PROJECTS

Envoy - Secure Environment Variable Vault | *Java, Spring Boot, Spring Security, MySQL, Next.js, TypeScript, Node.js (CLI)* | [Github](#)

May 2026

- Architected and implemented a **secure configuration management platform** using **Spring Boot, MySQL, and AES-256 encryption**.
- Engineered **5+ REST APIs** and role-based access control using **JWT Authentication** and **Spring Security**.
- Delivered **scalable backend services** handling **100+ encrypted secrets** for secure storage and retrieval.
- Created a TypeScript CLI tool to automate **secure environment configuration** across development workflows.

ProConnect | *HTML, CSS, JavaScript, React, Node.js, Express.js, MongoDB* | [Github](#)

Jan 2026

- Constructed a **full-stack social networking platform** using **React.js, Node.js, Express.js, and MongoDB**.
- Designed and implemented **REST APIs** supporting posts, comments, likes, and profile management.
- Integrated **real-time data** from external APIs.
- Improved **user engagement** through customizable UI themes.

AlgoLens | *HTML, CSS, Vanilla Javascript, Tailwind CSS* | [Github](#)

Jun 2025 – Jul 2025

- Built **AlgoLens**, an interactive web application visualizing **10+ Data Structures and Algorithms** concepts including arrays, stacks, queues, trees, searching, and sorting algorithms.
- Developed **real-time algorithm execution visualizations** with synchronized Java code highlighting using **Prism.js**, improving conceptual understanding of DSA operations.
- Implemented **dynamic user interactions**, animation controls, speed adjustment, and code-tracing features to simulate algorithm behavior step-by-step.
- Designed a **responsive and scalable UI** using **Tailwind CSS**, ensuring consistent performance and accessibility across multiple screen sizes and browsers.

TECHNICAL SKILLS

- Programming Languages:** Java, Python, TypeScript, JavaScript, SQL
- CS Fundamentals:** Data Structures & Algorithms, OOP, OS, DBMS, System Design
- Backend Development:** Spring Boot, Node.js, Express.js, REST APIs
- Databases:** MySQL, MongoDB
- Frontend Development:** React.js, Next.js, HTML, CSS, Tailwind CSS, Bootstrap
- Developer Tools:** Git, GitHub, Docker, VS Code
- Data Science:** NumPy, Pandas, Matplotlib, Seaborn

ACHIEVEMENTS & CODING PROFILES

- Cleared Round 1 – **Hack with Infy 2026** (DSA, Coding)
- LeetCode:** Solved 450+ problems, focusing on algorithms and data structures, with a consistent practice routine. [Profile Link](#)
- CodeChef:** Engaged in problem-solving and concept reinforcement through daily practice challenges. [Profile Link](#)

EXTRACURRICULAR ACTIVITIES

Volunteer - E-Summit 2024 | E-Cell, SGSITS

- Coordinated logistics and team operations for 500+ participants across multiple sessions, supporting startup interactions and ensuring seamless on-ground execution

Campus Contributor | Shiksha.com

- Selected to produce college experience video content after reels gained organic traction among student audiences and received stipend for contributions
